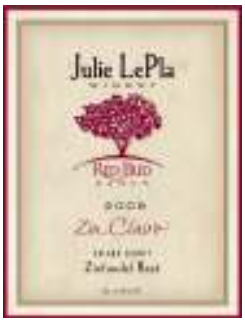
# 3 New Wines Available at Great Prices
# *PLUS* – *'Make Room for 2009 Zinfandel Wine'* Sale

The months continue to fly by and here we are in mid-summer of 2010 already. I have been patiently waiting for the right time to send the next newsletter and it is finally here. I have some exciting news about 3 new releases. In keeping with the Winery's focus, each was made in limited quantities – there are 80 to 100 bottles of each available.

2007 Cabernet Sauvignon – Like the label says, this wine spent 2 years in oak and a year in the bottle before the release. It took some patience but now it is ready for your drinking enjoyment and it is priced right at $16.99

2008 Barbera – We enjoyed making this wine from grapes out of Winters. If you like a good 'spaghetti' wine, this wine is for you. Each bottle is $14.99.



2009 ZinClaire™ – Once again we are offering the winery's exclusive dry Zinfandel rosé. Its lightness comes from spending only 24 hours on the skins during fermentation. Each bottle is $12.99.
